Dear Sir:

In response to the Office Action mailed on October 17, 2006, Applicant had submitted a response on December 15, 2006. Subsequently, Applicant received an Interview Summary mailed on December 21, 2006. According to the Interview Summary, the description of the demonstration that was conducted at the interview is "computer simulation of IMRT with a MLC, tracking a target with the MLC, and doing both at the same time, which is what Applicants intend to claim." Applicant agrees that the demonstration conducted was a "computer simulation." However, Applicant wishes to clarify that the claims do not recite "computer simulation," and that the claims

are directed to IMRT using a MLC. As such, Applicant submits that the claims are allowable for what they recite.

If the Examiner has any questions or comments regarding this amendment, please contact the undersigned at the number listed below.
